# Foreign Passports At The Meeting

- Check Security Features Of Documents with UV-light (if possible)
- At Big Events often there are UV-lights available

# Foreign Passports At The Meeting

- UV-lights: Desk-Lights  
about 35-40 Euro
- UV-Money-Tester  
about 4 Euro (!!!)

# Foreign Passports At The Meeting

If You Haven't Seen A Document  
Before That Has Been Shown

- Continue Assurance, But Declare The Assurance Candidate That This Document Is New To You, So You Have To Give Less Points Allocated

# Foreign Passports At The Meeting

- Otherwise: Finish Assurance With The Reason Why You Finish.

# Foreign Passports After The Meeting

- You Ever Have The Option Of „Late Decision”
- What Does This Mean?

# Foreign Passports After The Meeting

- Answer:

Maybe the ID documents have been too weak and the assurer reconsidered the amount of points.

Usually he should notify you of this by E-mail.

# Foreign Passports Non-European Documents

- Check The Documents About Their Security Features But Consider That Documents With Less Security Features Always Exists (i.e. Italy IDcards -> like Grey Germany Drivers Licence)

# Foreign Passports Non-European Documents

- If You Havent An UV-Money-Tester Its Too Weak To Test On One Document Only.
- If One Of These Documents Is Weak And One Is Ok, Continue Assurance But Give Less Points

# Foreign Passports Non-European Documents

- Give Other Assurers A Chance To Check These Documents Who Are Familiar With These Documents.
